Important excerpts from the [Guide To Advancement - 2015](#), No. 33088 (SKU-620573)

[1.0.0.0] — Introduction

The current edition of the Guide to Advancement is the official source for administering advancement in all Boy Scouts of America programs: Cub Scouting, Boy Scouting, Varsity Scouting, Venturing, and Sea Scouts. It replaces any previous BSA advancement manuals and previous editions of the Guide to Advancement.

[Page 2, and 5.0.1.4] — Policy on Unauthorized Changes to Advancement Program

No council, committee, district, unit, or individual has the authority to add to, or subtract from, advancement requirements. There are limited exceptions relating only to youth members with special needs. For details see section 10, "Advancement for Members With Special Needs".

[Page 2] — The "Guide to Safe Scouting" Applies

Policies and procedures outlined in the ***Guide to Safe Scouting***, No. 34416, apply to all BSA activities, including those related to advancement and Eagle Scout service projects.

[4.2.3.3] — Service Projects

Basic to the lessons in Scouting, especially regarding citizenship, service projects are a key element in the Journey to Excellence recognition program for councils, districts, and units. They should be a regular and critical part of the program in every pack, troop, team, crew, and ship.

Service projects required for ranks other than Eagle must be approved according to what is written in the requirements and may be conducted individually or through participation in patrol or troop efforts. They also may be approved for those assisting on Eagle Scout service projects. Service project work for ranks other than Eagle clearly calls for participation only. Planning, development, or leadership must not be required.

Time that Scouts spend assisting on Eagle service projects should be allowed in meeting these requirements. Note that Eagle projects do not have a minimum time requirement, but call for planning and development, and leadership of others, and must be preapproved by the council or district. (See "The Eagle Scout Service Project," 9.0.2.0.)

The National Health and Safety Committee has issued two documents that work together to assist youth and adult leaders in planning and safely conducting service projects: Service Project Planning Guidelines, No. 680-027, and its companion, Age Guidelines for Tool Use and Work at Elevations or Excavations, No. 680-028. Unit leadership should be familiar with both documents.

[7.0.4.5] — Earning Eagle-Required Merit Badges for Star or Life Rank

Candidates for Star or Life, in the selection of "any four" or "any three," respectively, of the merit badges required for Eagle, may choose from all those listed, including where alternatives are available: Emergency Preparedness OR Lifesaving; Cycling OR Hiking OR Swimming; and Environmental Science OR Sustainability. For example, if a Scout earns Cycling, Hiking, and Swimming, all three of them count as Eagle-required for Life rank. Only one, however, would serve toward the required merit badges for the Eagle Scout rank. The other two would count toward the optional merit badges required to make up the total of 21 merit badges.

Note that Star and Life requirements each allow two non-Eagle-required merit badges. It is the Scout's decision, however, to earn more—or all—of his Star and Life badges from the Eagle-required list.
